

WHAT HAPPENS NEXT

- You will be notified as soon as possible, hopefully within two to four weeks.
- If funded we will work with you about payment (reimbursement or payment up front if possible). You will need to complete some paperwork from the University of New Hampshire.
- If not funded we will let you know why. If funding has all been disbursed, you may potentially reapply if and when more funds become available in the next grant year (our grant years run from June through May).
